

Company Profile

Steelwork, Mechanical, Electrical,
Instrumentation and Piping

(S.M.E.I.P)

Engineering, Fabrication and Site Erection

Channel Construction was founded over 20 years ago as a medium to heavy fabricator and erector of structural steel including the manufacturing of modular structures, pipe-racks, pipe-spools, fabricated tanks and site erected tanks (using the Jacking Method).

Located in Durban, Springfield. Our workshop and fabrication facilities have over 5,000 m² of open and closed space. Our location links us to all national highways/freeways for easy access.

At **Channel Construction** we aim to deliver manufacturing and engineering projects within budget; on time to exacting standards and to maintain safety and quality standards.

Channel Construction has a CIDB grading of 9ME PE, 7SL PE, and 9 CE. We are accredited with SABS ISO 9001:2015, ISO 3834, as well as a Level 1 B-BBEE status. We are committed to Preferential Procurement Policies whereby we empower small and local businesses.

Channel Construction is 100% Black Owned.

Bucket Wheel

Orebin

Mission

Channel Construction has a proven ability of ensuring cost effective and skilled manufacture of products to exacting standards. We manufacture in carbon steels, stainless steels and exotic materials and offer the following in our range of products:

- Structural Steelwork
- Tanks, Pressure Vessels, Heat Exchangers
- Hoppers, Ducting & Chutes
- Process Equipment
- Materials Handling Equipment and Conveyors
- Specialised Equipment and Components
- Maintenance & Repairs
- Site Erection

Rehabilitation of the Inner Caisson at the Dry Dock

Sappi Ngodwana : Structural Steelwork

Slimes Bolted Thickener

Manufacturing Capabilities

The workshop area is serviced by 4 overhead cranes ranging in capacity of 5 tons to 15 tons under hook. With a total lifting capacity of 30 tons, we have a full range of equipment to carry out medium to heavy engineering fabrication including, but not limited to:

- Welding Machines
- Plate Rolls- roll up to 100 mm thick plate
- Cropper/Shear
- Guillotine – 13m/m thick plate over 3.2m
- Press brakes 300 ton over 4.2m
- Full Blasting and Painting Facilities
- Skyjack
- Bend Press
- Radial Arm Drill
- Mobile Compressor
- Bandsaw Pipe Cutting Machine

Skyjack

Radial Arm Drill

Guillotine

Workshop Facilities

Channel Construction has the full capability to perform site erection projects, offering the following equipment:

- 2 X 60 ton Tadano All Terrain Cranes
- 250KVA Diesel Generators
- Scaffolding
- 50 X 450AMP Welding Machines
- Tank Jacking System
- Forklifts
- Site Vehicles
- Small Tools

Crane Repair

Site Erection Equipment

Transnet – Diversion Tank

Built-In Modular Structure for Crystallizers for Nickel Mine

CLIENT	PROJECT	VALUE
Bateman	Hope Bay – Canada - Structural Steelwork for Modular plant +/- 300 tons	R 18 000 000
Transnet Capital Projects TM 1	Fabrication of Foam and Deluge system for Storage Tanks T2108R and T2107R at Island view (Piping)	R 30 000 000
Metso ND Engineering	Sappi Ngodwana- Gocell - Design, Conveyors and Structural Steelwork	R 23 000 000
Matomo Mining	Barberton – Fairview Mine - Tankage, Structural Steelwork	R 52 000 000
Mopani Mine	Cold Exchangers for Acid Plant	R 45 000 000
MIP Process Technologies	8 Off Thickeners	R 30 000 000
Transnet Capital Projects	Sump Tanks, Prover Tanks and Flush Tanks	R 15 000 000
Elgin Engineering/ Hitachi	Medupi/Kusile Ducting for Power Station	R 50 000 000
TNPA	Refurbishment of Dry-dock Caisson - (including Bulge Piping Fabrication and Installation)	R30 000 000
Veolia Water	Kpone Power Plant - Structural steel fabrication including piping	R3 000 000
TGC	Construction of Mechanical and E & CI works for the SO5 to NO2 Transfer point in the Port of Richards Bay	R5 503 900
Integrity Africa	Fabrication of Foam and Deluge system for Storage Tanks (Piping)	R4 000 000
Hosaf	Piping & Supports	R8 000 000
Subtech	Struts – Supply and Fabricate for Maputo Port	R5 000 000
TNPA	Port of Cape Town – Repairs to the floating Caisson at Robinson Dry Dock for a period of 3 months	R4 000 000
Talbot & Talbot	Sappi Saiccor - Wash Water Clarifier Piping	R4 000 000
TNPA	1200 Ton Slipway Cradle Project in the Port of Port Elizabeth	R119 000 000
Andritz Delkor	Oaky Creek Coal – 35M bolted Thickener	R11 000 000
ND Engineering	Sappi Saiccor - Workshop	R6 000 000
TNPA	Detailed design, manufacture, supply, delivery, and installation of Capstans that are hydraulically driven as well as final testing, commissioning,	R203,000,000
Idwala Holdings	Ore Sorter Project (Conveyors, Structural Steel Works & Vessels)	R45 605 680
TNPA	Redesign, Fabrication, and Installation of Lifting Platform Main Beams at Syncrolift Dry dock in the Port of Cape Town	R25 786 000
TGC	Design, Supply & Install Low Apron Feeder in the Port of Richards Bay	R25 326 203
TPT	For the Supply of Services to Refurbish the PE Manganese Terminal	R287 000 000

Selected Previous Experience

Channel Construction focuses on medium to heavy sized engineering projects in the following markets:

Chemical • Oil & Gas • Petrochemical • Mining & Industrial • Sugar • Paper & Pulp • Turnkey • Shipping • Rail • Power Generation

Project Experience

Transnet Diversion Tanks

Barberton Tailings Plant

Transnet - Fuel Storage Tanks

Built-In Modular Structures for Crystallizers for Nickel Mine

Project Experience

Modular Structure for Wax Plant

Conveyors for Coal Wash Plant

Stainless Steel Drop Separator for Boiler

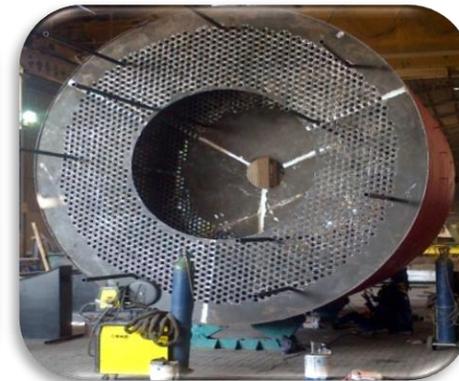

Flush Tanks for Tank Farm

Elution Tower for Mining Plant

Diversions Tanks

Cold Exchangers for Acid Plant

Project Experience

Tanks for Sulphuric Acid Plant in the Democratic Republic of Congo

Kusile - Ducting

Slimes Bolted Thickener

Project Experience

Mondi Felixton - Upgrade of Mondi Packaging

NPC Port Shepstone - Piping for Alternate Liquid Fuel

Sappi Umkomaas - Upgrade of C3 Plant

Project Experience

Rehabilitation of Outer Caisson at Dry Dock in the Port of Durban

Project Experience

Mozambique - Skips

Lifting Platform Main Beams at Syncrolift Dry Dock in the Port of Cape Town

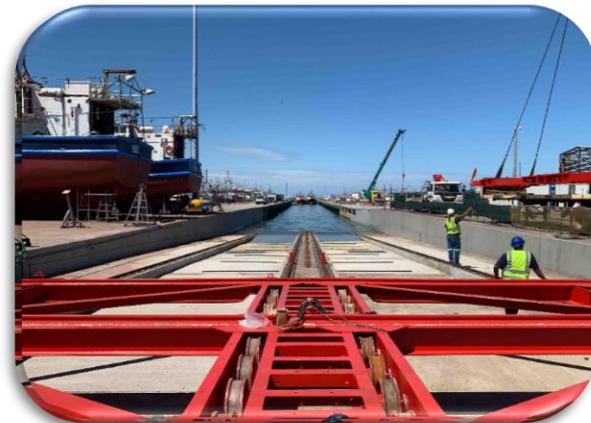

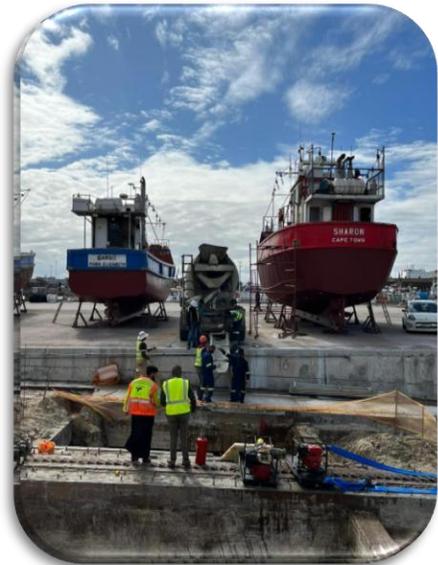

30m³ and 60m³ Filtrate tanks for Filtaquip

Project Experience

Refurbishment of the Inner Caisson at Dry Dock in the Port of Durban

Project Experience

**1200ton Slipway Cradle Project in the Port of Port Elizabeth
(Mechanical, Civil, Structural and Electrical Upgrades)**

Project Experience

**Idwala Ore Sorter Project,
Supply & Installation of
Steelwork, Conveyors &
Vessels**

Project Experience

Detailed Design, Manufacture, Supply, Delivery and Installation of Capstans that are hydraulically driven as well as final testing, commissioning and handover to the Employer in the Ports of Cape Town and Durban.

INTERNATIONAL INSTITUTE OF WELDING

Having satisfied the requirements of the
IIW Manufacturer Certification Scheme
according to ISO 3834

Company: Channel Construction
The Unit: Fabrication Workshop
Located in: 3 Clydebank Road, Bayhead, Durban, Kwa-Zulu Natal
is certified in accordance with

ISO 3834 Part 2

For the product(s): Pressure Vessels, Pressure Equipment, Pressure Piping,
Tank/Containers and General Structural Steel

with the scope of work stated in the attached Schedule

Certificate number and revision status: ZA-180/1 – Rev. 0

First issue date: 08/03/2018

Current issue date: 06/05/2021

Date of expiry: 07/03/2024
